

MY FAMILY

I have nine siblings. Four sisters and five brothers.

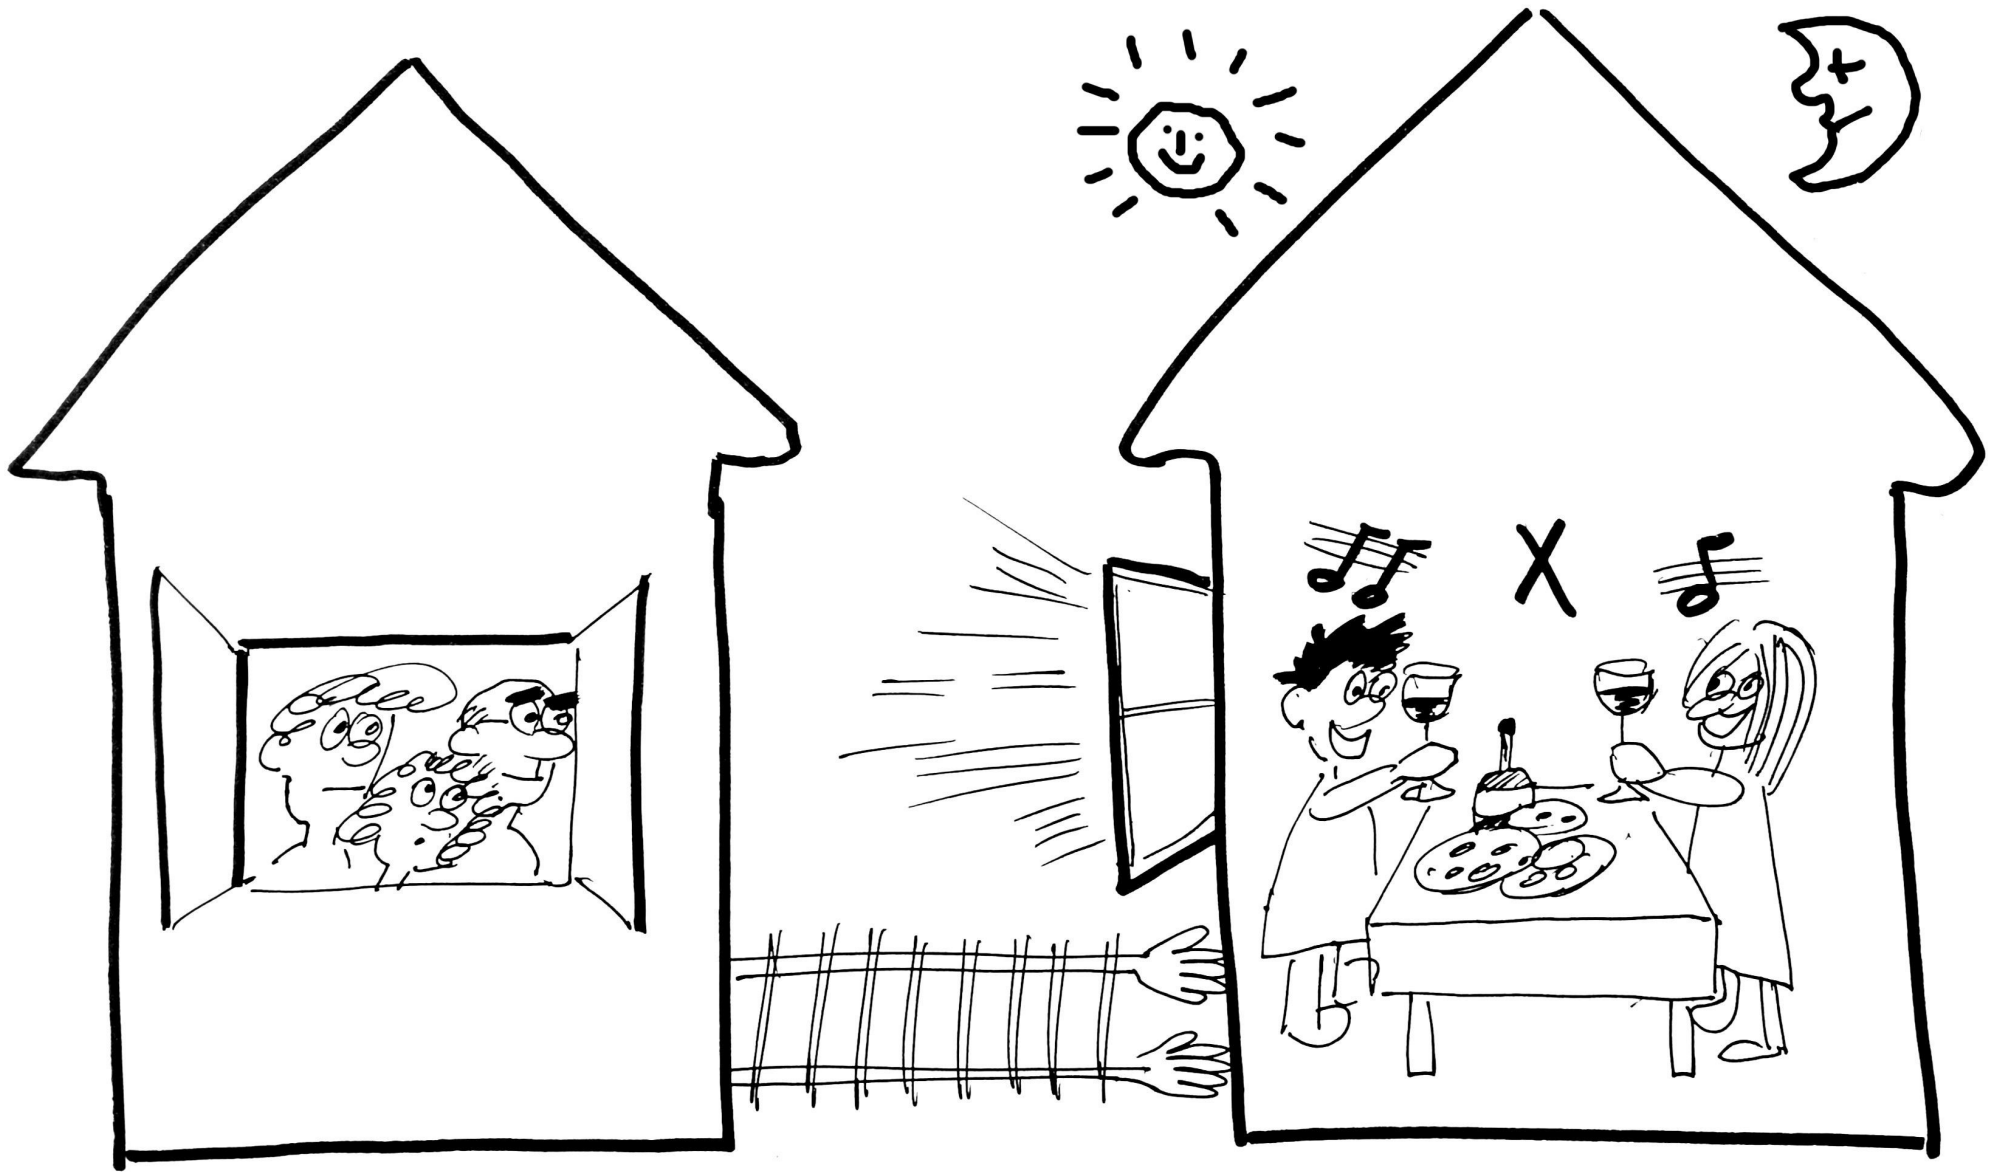

I'm the oldest one.

We have rabbits, cats, dogs and one camel.

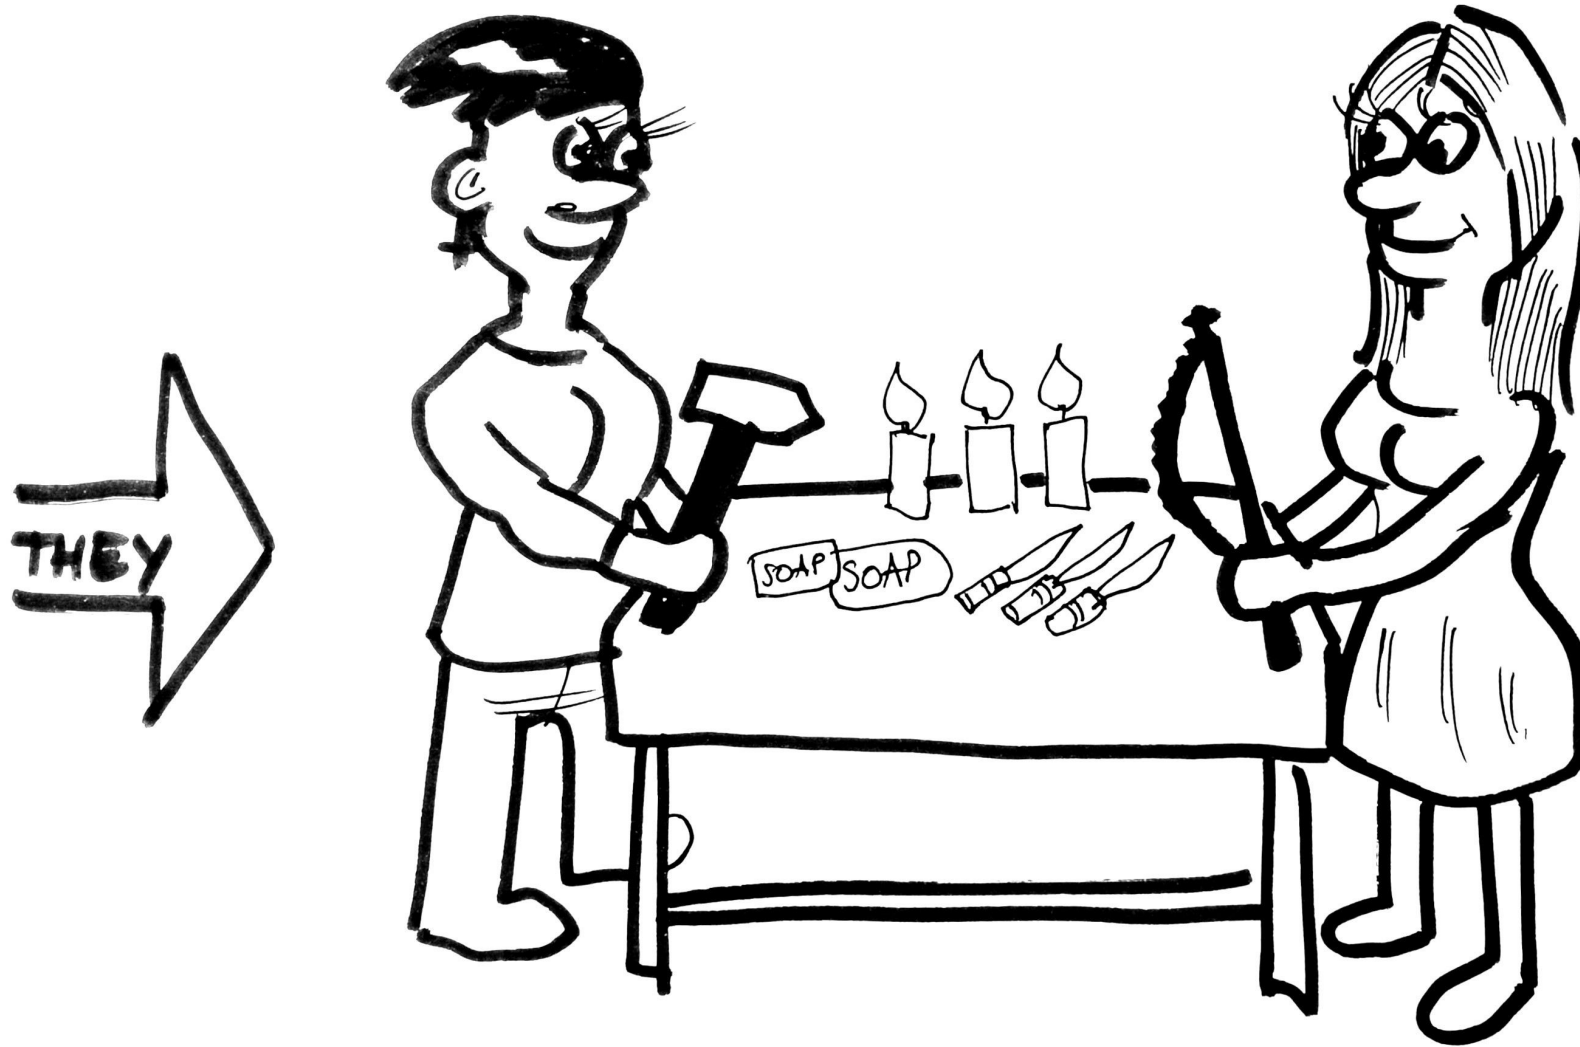

Our neighbours are always celebrating something.

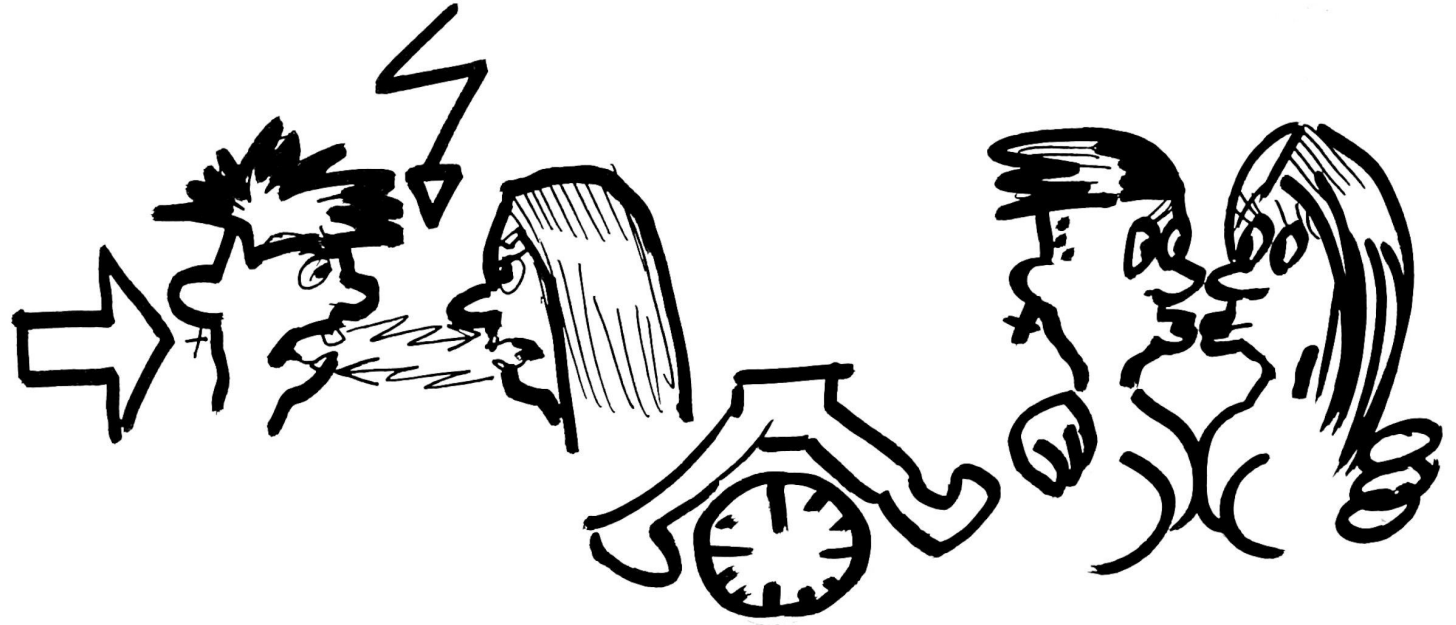

They are two women who are in a registered partnership.

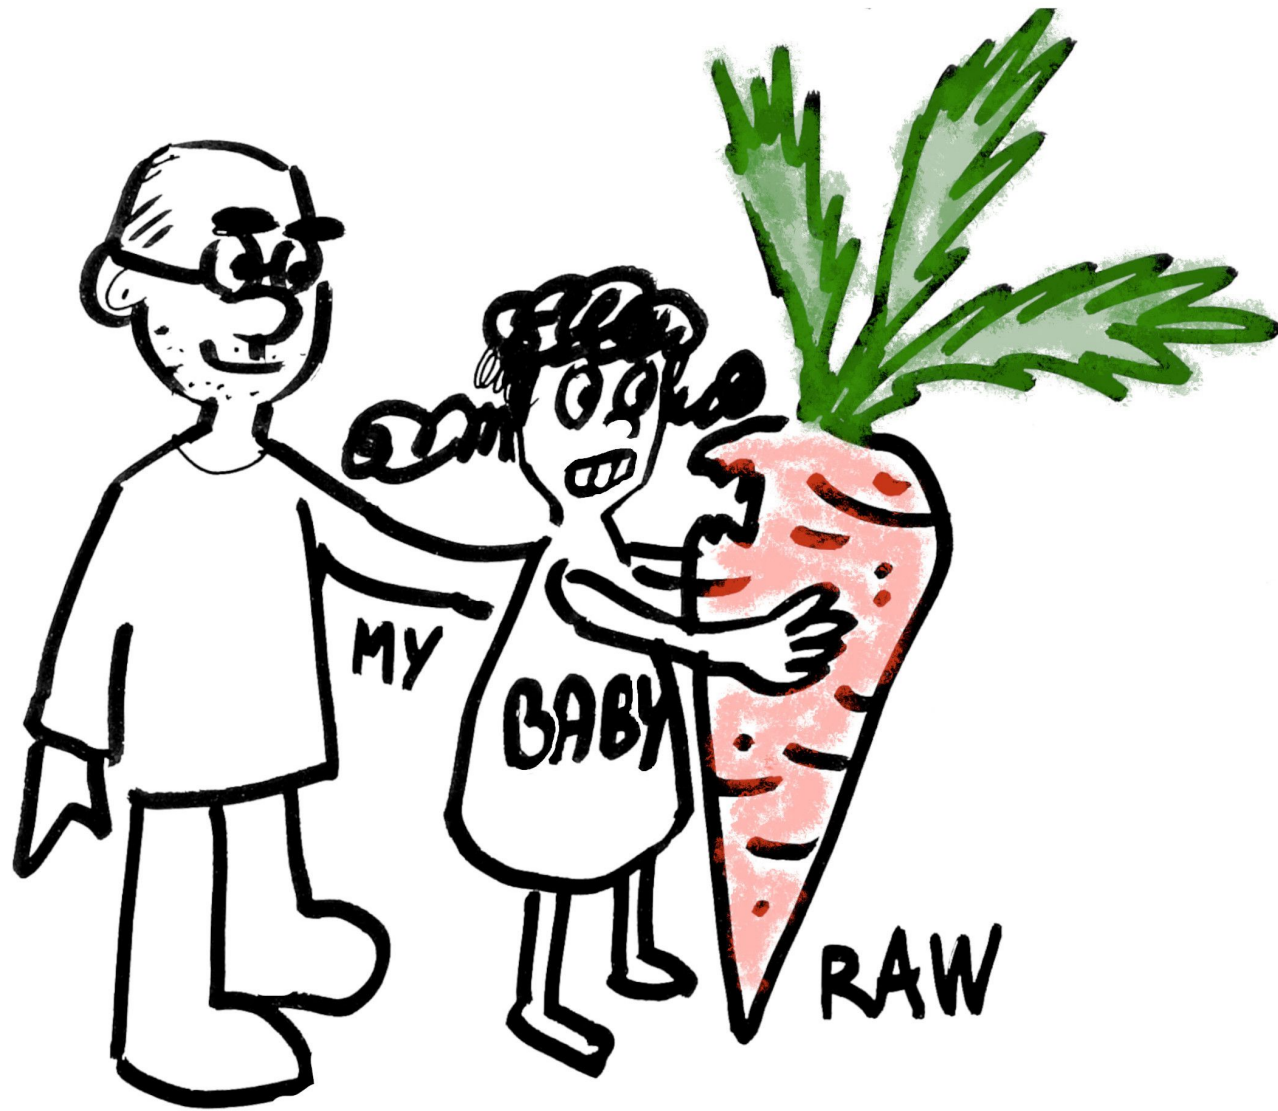

They make candles, soaps and knives.

Every Monday they quarrel and then make up.

My youngest sister eats raw food.

My mum cooks typical Czech meals.

She used to be a school cook.

My father is a doctor.
